

Single Stage Diesel Fuel Dispenser 0.04Mpa 5-50L/Min Gasoline Pump Machine

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Application: Petro, Diesel Etc
- Warranty: 12 Months
- Vacuum: 0.04Mpa
- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Voltage: 220VAC
- Structure: Single-stage Pump
- Flow Rate: 5-50L/Min Or 5-90L/Min
- Working Pressure: 0.2 MPa
- Highlight: **diesel fuel dispenser 0.04mpa,
50l/min gasoline pump machine,
single stage diesel fuel dispenser**

Product Description

Single Stage 0.04Mpa 5-50L/Min Petrol Fuel Dispensing Equipment

Product Description:

The Fuel Dispenser is equipped with a 1000L tank, ensuring that you have enough fuel on hand to meet the demands of your customers. The tank is designed to hold a variety of fuels, making it ideal for use in a range of applications. The single-stage pump provides a consistent and reliable flow of fuel, ensuring that your customers are never left waiting for their fuel to be dispensed.

The Fuel Dispenser is designed to handle a variety of fuels, including lubricating oil, making it a versatile addition to any fueling facility. The 3/4" 4M hose provides a flexible and durable connection between the dispenser and the vehicle or equipment being fueled, ensuring that fuel is dispensed safely and efficiently.

Our Fuel Dispenser is built to last, with a sturdy and durable construction that will withstand the rigors of daily use. It is easy to install and maintain, ensuring that your fueling facility is always up and running.

In summary, the Fuel Dispenser is a reliable and efficient gasoline dispenser that is ideal for any fueling facility. With a flow rate of 5-50L/Min or 5-90L/Min, a 1000L tank, single-stage pump, and the ability to handle a variety of fuels, this dispenser is a versatile addition to any fueling facility. The 3/4" 4M hose provides a flexible and durable connection, ensuring that fuel is dispensed safely and efficiently.

Invest in our Fuel Dispenser today and experience the benefits of a reliable and efficient fueling experience.

Features:

Product Name: Fuel Dispenser

Structure: Single-stage Pump

Flow Rate: 5-50L/Min Or 5-90L/Min

Register Range: 0.00~999999.99 L

Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min

Hose: 3/4" 4M

This Fuel dispenser is an essential component of any Gasoline Dispensing System or Petrol Dispensing Machine.

Technical Parameters:

Application	Diesel fuel dispenser, Fueling Station Dispenser, Fuel Dispensing Equipment
Flow Rate	5-50L/Min Or 5-90L/Min
Voltage	220VAC
Vacuum	0.04Mpa
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Automatic Nozzle	TD-20A
Warranty	12 Months
Working Pressure	0.2 MPa
Structure	Single-stage Pump
Tank	1000L

Applications:

The Virette fuel dispenser is available in one or two product options, allowing for the dispensing of different types of fuel. The dispenser is equipped with a 1000L tank, which makes it ideal for use in fuel stations, truck stops, and other high-traffic areas.

The vacuum pressure of the Virette fuel dispenser is 0.04Mpa, which ensures that it can dispense fuel smoothly and efficiently. The dispenser also comes with an automatic nozzle, TD-20A, which ensures that the fuel is dispensed accurately and without spillage.

The Virette fuel dispenser operates on 220VAC, making it suitable for use in most locations. It is designed for use in a variety of application occasions and scenarios, including fuel stations, truck stops, industrial sites, and other locations that require the dispensing of diesel fuel and petrol.

The Virette fuel dispenser is perfect for those who require a reliable and efficient petrol dispensing machine. With its high-quality construction and advanced features, this fuel dispenser is sure to meet the needs of any business that requires the dispensing of diesel fuel and petrol.

Customization:

Brand Name: Virette

Place of Origin: China

Automatic Nozzle: TD-20A

Application: Petro, Diesel Etc

Temperature: -40~55

Warranty: 12 Months

Product: One Product Or Two Product

Our Petrol Dispensing Machine comes with the following features:

Brand Name: Virette

Place of Origin: China

Automatic Nozzle: TD-20A

Application: Petro, Diesel Etc

Temperature: -40~55

Warranty: 12 Months

Product: One Product Or Two Product

Our Gasoline Dispensing System is customizable to your specific needs. Contact us today to learn more!

Packing and Shipping:

Product Packaging:

This fuel dispenser product will be packaged securely in a durable cardboard box with foam inserts to prevent any damage during transport. The product will also be wrapped in plastic to protect it from any moisture or dust.

Shipping:

We offer worldwide shipping via reputable carriers such as DHL, FedEx, and UPS. Shipping fees will vary depending on the destination and weight of the package. Once your order has been processed, you will receive a tracking number via email to monitor the progress of your shipment.
